Last Ten Years

CURRENT

SR. PRODUCT MANAGER

Vox Media Inc

Work began in June 2015 and I served as a PM for Vox's Revenue Platforms. There, we built out *Hymnal*, which is a platform for creating and managing custom ad campaigns. I also worked to improve the user experience + performance of ads, and spent lots of time chatting with cfbot.

2015

DIRECTOR OF PRODUCT & ENGINEERING

The New Republic

Product lead and engineering manager for almost three years, I helped drive this 100-year-old magazine's transition into a modern web publishing company. Highlights of projects built and/or produced:

- Two major redesigns + Drupal rewrites
- Current web performance & UX improvements
- A unique WordPress image uploader tool built inside Drupal
- Overhaul of entire ad-operations / DFP stack
- Editorial shortcodes for Drupal integration
- Special project and feature article templates
- Vendor selection and partnership that has resulted in a stable, sustainable, and orderly digital product department

2012

WORDPRESS / FRONT-END DEVELOPER

TIME.com

Contract web developer hired to contribute to TIME Magazine's first responsive web redesign that officially launched in October of 2012. Also built a DNC/GOP political convention app that was created and promoted in partnership with Foursquare.
